## Bryan C. Moser

CPA, ABV, CFF

### **Director, Forensics, investigations and litigation**

Bryan Moser is a Director in the Advisory Services practice of Grant Thornton LLP located in McLean, Virginia.

### **Experience**

Bryan has 16 years of experience assisting clients involved in a variety of litigation and valuation matters. He was an economist (industry analyst) for the Producer Price Index program within the Bureau of Labor Statistics and was with PricewaterhouseCoopers for nearly 15 years. Bryan has analyzed business and financial aspects of complex litigation matters, assisting with damages analyses, including calculation of lost business value, lost profits, increased costs and price erosion. He has assisted in disputes involving intellectual property, licensing agreements, breach of contract, product liability, class action and other matters. His IP experience includes patent infringement damages of lost profits, price erosion and reasonable royalty. He has assisted in copyright and trade secret matters and has performed royalty licensing analyses. Bryan has valuation experience, in the context of acquisition, litigation and tax, applying discounted cash flow and comparable company analysis. He has also assisted clients with purchase price disputes involving complex accounting issues, including business valuation, revenue recognition,

inventory valuation, tax and accounting for other reserves and accruals. Bryan has applied extensive financial and economic analyses, including development of complex financial and quantitative models and analysis of large volumes of documents and data.
