## JAYNE JANDA-TIMBA

ASSOCIATE  
WATER RESOURCES DIVISION

JJANDA-TIMBA@RICKENGINEERING.COM

RICK ENGINEERING COMPANY  
5620 FRIARS ROAD  
SAN DIEGO, CA 92110  
619.688.1448

Jayne M. Janda-Timba is an Associate of the Water Resources Division at Rick Engineering Company's San Diego office with over 19 years of experience. Ms. Janda-Timba manages the Water Resources Division.

Ms. Janda-Timba is responsible for overseeing the preparation of hydrologic and hydraulic analyses. She also oversees the design of Best Management Practices (BMPs) for both during and after construction to meet water quality objectives. She is widely familiar with the pending water quality issues of the San Diego region.

She is experienced in storm water regulations with respect to Municipal Storm Water Permits, the State of California's Construction General Permit Order No. 99-08-DWQ and the State of California's Construction General Permit Order No. 2009-0009-DWQ adopted September 2, 2009. Ms. Janda-Timba is responsible for overseeing the preparation of hundreds of Storm Water Pollution Prevention Plans (SWPPPs), Storm Water Management Plans (SWMPs), and Water Quality Technical Reports (WQTRs).

Ms. Janda-Timba manages the design teams in the Water Resources Division in charge of all aspects of water quality. She is very active conducting SWPPP training seminars.

Served as Chairperson for developing the Building Industry Association (BIA) of San Diego County, South County Chapter SWPPP template based on the Construction General Permit Order No. 99-08-DWQ. Trained thousands of engineers, developers, landowners, contractors, superintendents, municipal plan checkers, municipal inspectors, and the environmental community on the preparation and implementation of the BIA SWPPP Template.

---

Ms. Janda-Timba has been the Project Manager for several grant and federal-aid drainage and water quality treatment projects in San Diego County.

She also is actively responsible for the preparation and processing of Conditional Letter of Map Revisions (CLOMRs) and Letters of Map Revisions (LOMRs) through Federal Emergency Management Agency (FEMA) and local municipalities.
