

Amit Etiel

Associate

amit.etiel@foley.com

Boston

617.342.4093

Amit Etiel focuses on helping clients in the electronics and high-tech sectors develop, protect, and leverage their intellectual property assets to drive business success and innovation.

During his time as a summer associate in Foley's Electronics Practice Group, Amit contributed to a wide range of projects, including drafting patent specifications and claims, responding to multiple office actions, and collaborating with senior attorneys on complex IP issues involving AI and networking.

While earning his undergraduate and law degrees, Amit gained hands-on experience as an intern with a variety of organizations, including the Greater Chicago Legal Clinic and the National Aeronautics and Space Administration (NASA). His technical work involved front and back end development, data scraping/analysis and website configuration. Amit focused on cybersecurity and networking during his undergraduate degree.

Amit is a member of the firm's Electronics Practice.
