

# Leave Administration Program

We are pleased to introduce our newest resource, Foley's Leave Administration Program, to greatly help you manage Family and Medical Leave Act (FMLA), Americans with Disabilities Act (ADA), and workers compensation leave issues.

Our clients have been dealing with these difficult leave administration issues, such as medical certifications, intermittent leave management, working with health care providers, FMLA abuse strategies, ADA accommodations, and workers compensation medical evaluations.

To help you make better decisions in dealing with your frustrating FMLA, ADA, and workers compensation issues, we are introducing our new Leave Administration Program. This new program provides our clients a flat-fee retainer option for helping you address your most challenging leave management issues.

Under our new Leave Administration Program, for a monthly fee of \$950, you and your team can reach out to our Partner Jeffrey Kopp, who will help you navigate the intricacies of these leave laws. Jeff's practical and responsive advice will help you minimize risk, avoid litigation, and better manage employee absences, without having to worry about legal fees for every single question or email.

Jeff is a leading authority in navigating leave laws. A partner in our Labor & Employment Group, his legal practice involves counseling numerous employers on FMLA, Uniformed Services Employment and Reemployment Rights Act (USERRA), ADA, and workers compensation issues. As a military reservist, Jeff has presented numerous times and writes extensively on FMLA, USERRA, and ADA topics. Jeff has conducted FMLA and ADA seminars for various HR training groups, including Strafford, BLR, and the Clear Law Institute. Now it is time to let Jeff and our team of knowledgeable and responsive attorneys help you navigate your specific issues.
