

Joel Brand Associate

joel.brand@foley.com

Denver

720.437.2058

Joel Brand represents clients both internationally and domestically in the energy and infrastructure industries through all phases of project development and project finance across a wide spectrum of assets and technologies, principally including renewable energy such as solar, battery energy storage systems, wind, and renewable natural gas.

Joel has represented financial institutions, private equity funds, sponsors, and borrowers in a variety of complex project financings and acquisitions.
