Paige Randall works with private investment sponsors on all aspects of fund formation. A significant portion of her practice is advising clients on capital raising, marketing, preparing offering documents, and drafting organizational documents. She also counsels them on regulatory, compliance, and operational issues both during an active fund raise and during the operational stage, including with respect to sponsor-carried interest and management company arrangements. Paige's sponsor clients include established and emerging private equity, venture capital, and fund-of-funds sponsors.

Additionally, Paige advises institutional investors, including endowments, governmental plans, family offices, fund-of-funds, and corporations, on their private capital investment activity. She also counsels private fund sponsors, buyers, and sellers in secondary transactions, including tender offers and continuation funds. In addition, she has experience advising sovereign wealth funds and insurance companies on their investment activity.

Paige is a member of the firm's Fund Formation & Investment Management Group. Prior to joining Foley, she was an associate in the Investment Management Group at a global firm.
