

Khang-Christopher D. Truong

Associate

chris.truong@foley.com

Milwaukee

414.297.5350

Chris Truong works in Foley's Intellectual Property practice area as a member of the Mechanical and Electromechanical Technology Practice Group. He began at Foley as a summer associate. Chris also worked as an Intellectual Property Fellow for Johnson Controls Inc.

During law school, Chris worked at the University of Illinois Office of Technology Management as a patent fellow, drafting patent applications and responses to office actions. Additionally, he has experience working as a legal extern for a hospital reviewing non-disclosure agreements, customer agreements, and patent applications. Prior to law school, he worked with medical devices including medical diagnostic imaging, surgical equipment, and surgical implants.
